

Thank you for downloading our Gotta Dance!® Gift Certificate! You will find it on the next 2 pages.

INSTRUCTIONS

1. Print the Gift Certificate ONE PAGE AT A TIME, so you can print it double-sided, with the second side printed “upside down” for a successful greeting-card-like folding effect. It is designed for Crane card stock that is 6³/₈" x 8.5" — but 8.5" x 11" paper will work fine. Here's how:

Step 1.a. Print Page 2 of this PDF. For 8.5 x 11 paper, turn on the “Fit to Page” option when the PRINT dialog box appears.

Step 1.b. Print Page 3 of this PDF on the other side of the paper, but “upside down.” Printers vary. You will probably need to turn the paper over AND “spin” it top to bottom. (You should probably do a complete test print on cheap paper first.)

Step 1.c. Fold it across the middle.

Step 1.d. Fill in the obvious stuff. We have left lots of extra room for additional notes or terms of endearment.

2. Give to recipient, who will be dazzled by your gift-giving brilliance.

3. Send in payment. (Please tell us who and what the payment is for, in detail!) We will activate your Gift Certificate in the recipient's name as soon as we receive payment. Checks or cash only, please; we are not set up for credit cards. This procedure enables you print and give the Gift Certificate *immediately*, even if payment to us follows a few days later. Perfect for last minute gift giving.
